# Missouri Sheltered Workshop Directory

The Missouri Sheltered Workshop Directory is a listing of all sheltered workshops presently operating in the state of Missouri.

The listing is alphabetical by the county or counties served. A workshop may serve several counties and will be listed under each county served.

Each county that is Senate Bill 40 approved will be marked with a "yes" in the SB-40 column.

Workshops are listed with their current address.

The phone numbers are listed with the voice line first and the fax number second. If the numbers are the same, then a fax machine is

available on an as-needed basis.

The final two columns are the Missouri senators and representative districts for each area. Senators and representatives may have several workshops in their district or one workshop may have several senators or representatives.
